

Process Description

The process begins with a choice: you'll either prepare a burger **or** prepare a drink. Only one of these paths can be taken. After completing either path, the process ends.

Option 1: Burger Path

(Chosen if the burger path is selected)

1. **Start burger.**
 2. At the same time:
 - **Grill patty**, then **Melt cheese**, then **Add toppings**.
 - **Toast bun.**
 3. After **Melt cheese** and **Toast bun** are both done:
 - **Spread sauces**, then **Prep veggies**.
 4. After **Add toppings** and **Prep veggies** are both done:
 - **Assemble burger.**
 5. The burger path ends.
-

Option 2: Drink Path

(Chosen if the drink path is selected)

1. First, choose between:
 - **Start coffee**

or

 - **Start milkshake.**

(Only one drink type is prepared)
 2. Next, **Prepare cup** (happens for either drink choice).
 3. Then, depending on the drink chosen:
 - If **Start coffee** was picked: **Make latte art**.
 - If **Start milkshake** was picked: **Add fruit**.
 4. The drink path ends.
-

Process End:

After either the burger or drink path finishes, the entire process ends.
